model, with light blue body, engine number 102-464, and license num-ber 707-337.

Witnesses of the robbery de-clared however that the license number on the car yesterday after-noon was a 1921 license 277-775. It was strapped to the left rear fender and is believed to have been stolen, since that license was issued for a Buick machine. T. A. LaBelle, service superin-tendent of the Standard Oil Com-pany, immediately notified the po-lice the company will pay \$1000 reward for the capture of the bandita.

"Examiner" Claims Credit for Selling Power Bonds.

After Raucous Defense of Ruinous Hellman Deal.

City Stunned by William R.'s Most Monumental Gall.

SURPASSING all its predeces-sors in point of attendance and daring to a degree in its conception of decorations, the fif-teenth annual bail of the Los Angeles Bachelors' Club lasted until the gray of dawn at the Ambassa-

the gray of dawn at the Ambassador last night.

Six Hundred guests, all in fancy
dress costumes, assembled at 10
p.m. in the Cocoanit Grove,
which had been transformed for
the occasion into a mammoth
black-and-white box. Balconies
had been partitioned off to produce
the box effect.

Passing through the black-andwhite portieres at the entrance from
the main lobby, the guests were
confronted with a scene of loveliness suggesting winter and yet
warm and inviting in the soft glow
of colored lights suffused from the
side walls through concealed
apertures.

That whizing noise, accompanied by a screech, that was heard here yesterday morning was Mr. Hearst in the act of hurling a bouquet at himself and accepting the same with tears of emotion.

Every one is used to seeing Mr. Hearst hurl bouquets at himself; but in this instance the event was somewhat staggering even to the blass, the experienced and those immune to all shades of yellow.

In this instance Mr. Hearst was hailing himself with hoarse cheers for histand the Examiner's services in connection with saving the city from losing \$2,000,000 by the secret sale of the power bonds to the Helman syndicate.

In view of the fact that Hearst's Los Angeles Examiner with heat, excitement, fury, frenzy and other emotions fought on the other side walls ran a checkerboard boy and four feet wide. WOMAN'S CRIES HEARD IN FIRE.

Blaze on Main Street May Have Caused Death.

and Rooming-hous Go Up in Flames.

Hundred Thousand Dollars is Estimated Loss.

The six stores destroyed were all under one roof with the rooming-house on the second story of the building. According to the official report the business houses destroyed were: The Perfect Made Tire Company, 913 and 921 South Main, Sykes Moter Store, 915 South Main, The Square Deal Motor Brokers, 917 South Main, The Square Deal Motor Brokers, 918 South Main and 919 South Main, and 919 South Main, and 919 South Main, and 919 South Main, and 919 South Main and 919 South Main and 919 South Main and 919 South Main, an empty store.

When the fire was first discovered all persons in the rooming-house and in all of the stores were warned by traffic officers to leave the building at once. The firmes fed by oil and paint spread with such rapidity that the police officers and firemen were unable to make a search of the rooming-house and it was after the entire building was wrapped in fiames that the authorities were notified that an aged woman was believed to have been trapped in the rooming-house. Two men employed in one of the stores told the police that they had heard a woman screaming just before they were forced from the building by smoke and fire.

DRUGGIST BEATEN, SHOT.

Empty Shell, Bullet in Head and Broken Window in Store Mute Evidence of Mysterious Murder.

Beaten on the face and shot through the head, the body of Russell Baker, 65 years of age, was found early yesterday on the floor of his drug store at 9404 South Vermont avenue. Beside the body investigating police discovered a single empty brass cartridge shell from a .32 caliber automatic pistol. A window at the rear of the store had been broken by blows from sous. Police were notified of the murder early yesterday morning by Fritz Heim of \$402 Vermont avenue. Mr. Heim telephoned to University Police Station the information that "something was wrong" at the Baker drug store. Police Detectives Riggs and Mack who were runhed to the drug

influence second to none. Mr. Powell understood co-operative marketing as no other man in the United States. He understood it technically, administratively, and from the broad viewpoint of economics. The problems of grading, supplies, transportation and oredits were familiar to him in detail and in principle. Possessing at once experience in operation, familiarity with the history of the movement in every country of the world, and solld and same grounding in the economic fundaments, he was by these capacities, to which were added positive and engaging qualities of personality, destined to be a leader in the development of the movement of cooperative marketing throughout the United States. However severe the loss to California may be adjudged, the loss to the nation is much larger.

A. E. TAYLOR.

Movies Made a Man.

LOS ANGELES, Feb. 24.—[To the Editor of The Times:] At this time the relation of an experience which came under my observation is opportune. A friend of mine attended the showing of a picture ut one of the well-known picture the one of the well-known picture the aters here. The long and severe struggles of a young man to recover his manhood, and position in the community, which had been all but lost by his overindulgence in liquor, were portrayed. No one had ever manifested any interest in him until a young woman evinced a desire to help him, being moved thereto by a wish to be helpful to others and a recollection of what a fine young man he was when he first came to the community. Her appeal that he was now a man and should put up a man's fight and that no one would take any interest in him unless he took an interest in himself awoke in him the good instincts so long sieeping, and he won his fight. My friend was so impressed by the picture that he resolved to put up a fight in his own case, with the result that each day finds him nearer the goal of complete victory. I am convinced that this is not a rare case and believe that those who so unthinkingly condemn the "movies" will look the field over more carefully they will not be so unsparing in their criticism.

exceptional values — made of excellent quality gingham—some of them of fine imported gingham--Sizes 14 to 44 inclu-

—Bullock's Section of Inexpensive Wash Dresses —Across the Bridgeway —Third Floor.

Save on Notions

-Below are listed a few everyday necessities that Bullock's offers at prices one does not see every day

Invisible Dress Shields,

20c, or 3 for 50c -in both flesh and white and in sizes 3 and 4.

Rubberized Household Aprons, 95c

Yes, the large sizeexceptional valbe.

3 vd. Pieces Silk Ric-Rac Braid, 15c

in colors of pink, baby. Copenhagen, navy, brown, red. black and white. -First Floor.

ENGLISH-type, genuine tweed and homespun suits at this unusual price! Tailored as carefully as much higher priced suits!

Well-fitting shoulders, properly snug; sleeves that taper nicely to a well finished cuff. All the little niceties of the well done tailleur.

Lovely in color! Sand and brown mixtures; the new Iris shade; Rust Orchid and Wedgewood.

For Women and Misses - BULLOCK'S - Third Floor

New Round Thread Suitings 50c

-Have come to Bullock's Cotton Goods Section to be prominent among

-35 and 36-inch widths, including such well known weaves as Carolina, Sheridan and Promenade Suitings-also Beach Cloths-in the bright colors for spring as well as all white-fine for one-piece Dresses-at 50c a yard.

Imported 30-inch Dress Crepes

27-inch Sun-fast and Tub-fast Cottons 25c yard

—Yarn dyed and woven on hand looms— pretty block checks in tub-fast and sun-fast colors—50c yard.

—Imported—yarn dyed—in neat stripes and checks—ideal for Rompers, Wash Suits and House Dresses—25c yard.

-At Bullock's Second Floor-among a myriad of new Cottons.

40-inch Chiffon Voiles 65c yd.

-Unusually low in price-two-ply, fine yarn Chiffon Voiles in pretty Spring shadescrisp and fashionable—at 65c a yard.

32-inch Silk Check Dress Tissue at 60c yard

at 75c a yard

Fast colors in pretty block checks and small plaids-a le se purchase at special price-

38-inch Swiss Normandy Voiles -Pretty light and dark colors with beaded

effect patterns in white with colors—launders perfectly—75c yard. -At Bullock's Second Floor-Cottons Section.

Spanish Lustre Laces, \$2.45 vd.

-36 inches wide-mostly black all overs-and every pattern carefully chosen for the distinctiveness of its design. -These are the heavy lustrous Quality Laces-There are a few patterns in white, ecru, brown and

40-inch All Silk Chiffon 95c yd.

-this is the quality so very much in deman! for dresses, blouses and exquisite lingerie -and this feature price is truly but a fracting of its regular worth.

The colors are flesh, light blue, maize, rose and navy—Bullock's Second Floor.

—Can you visualize Ribbons and Ribbons and Ribbons stretching for eleven miles? There were enough at the start to do that.

-But even the quantities, overwhelming as they seem to be, do not give one the most impressive viewpoint.

-Look at the Prices! In instances they are actually down to wholesale levels-

-And they are to take pre-eminence again today in the selling activities at

Printed Warps, Jacquards and Rich Wide Satins, Taffetas and Failles at no more than 85c a yard. The Printed Warps and Jacquards in light and dark grounds—53/4 to 71/2 inches wide—the Satins, Taffeta and Failles in a great range of new millinery

shades—10 inches wide—and at 85c a yard—
—Come and see it—the limitations of an announcement of this kind make it impossible to say all that could be said to stir you to the full possibilities of this extraordinary sale of Ribbons at Bullock's—

Pretty Striped Hair Bow Ribbons at 35c a yard. 51-2 inches wide. —Why, the wholesale cost of this is ordinarily higher than 35c a yard. There is a host of pretty patterns—they are discontinued by the manufacturer—that's why they are here at such a low price—35c—and it will be hard to find more lovely designs.

Wide Taffeta Hair Bow Ribbons and Beautiful Moire Ribbons will be offered at 50c a yard. 6 inches wide. The Taffetas in good hair bow shades—the Moires in the higher colors—You have probably yourself seen Ribbons of similar quality sell for much more.

5%-inch Black Cire Ribbon 75c Yard

Because the colors did not quite meet the manufacturer's specifications.

12,270 yards of Trousseau Wash Ribbons are to be Disposed of at Almost Ridiculously Low Prices.

They come in pink and blue only, and you are likely to call them "very pretty." And their prices! Why, just look:

-Width No. 1 at 50c bolt of 10 yds. -Width No. 11/2 at 8c yard, 75c bolt of 10 yds. -Width No. 2 at 10c yard, 90c bolt of 10 yds. Width No. 5 at 16c yard, \$1.50 bolt of 10 yds.

-Width No. 7 at 20c yard, \$1.90 bolt of 10 yds. A Great Distribution of Pretty Ribbons—miles and miles of them—epate her needs—for fancy work, sashes, hair bows for the girls, and almobons may be put—at great savings—at Bullock's First Floor.

-Bullock's Fourth Floor has specially prepared a silk underwear event wherein the Bewitching Loveliness of

PANGS OF CENSORSHIP. DANGS OF CENSORSHIP.

There is a strike against movie censorship is marsired am. The censorship is marsired am. The censorship is merely a city affair, but the members of the board never seem able to agree. As a result nearly all pictures are held up and the citisens are themselves divided. Many of them refuse to visit a picture approved by the censors. Some of the theaters decine to show any pictures at all and a few of them refuse admittance to all persons under age. Not one of the members of the censorship board has any familiarity with the picture industry or ordinary business and the screen folk now announce that, upless they can be intelligently represented.

In the commercial telephone is not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commercial telephone in not to be put out of commission and the land service of the telegraph will continue in full importance. There are certain reasons why the radiotelephone cannot be adapted with the accuracy and efficiency of the arc code of either the radiotelephone are code of either the radiotelephone station can be recorded to attract attention to the fact that communication with a given station is desired.

On the other hand, the radiotelephone is not to be considered in the light of a fad less they can be intelligently represented on the board, the theaters may close their doors against all comers. Any attempts at local censorship have usually been found unsatisfactory and unfortunate for all the ment and by the public. What the phonograph has added to the low of living the

When the soviet government of Russia ing on the field of the phonograph.

Psychologically its effect on the coming generation is already far reaching, for there are hundreds of thousands of youth throughide on a happy and care-free life in sunny neighborhood, and you will find that he can of this trust without shame and dishonor."

There is a group of enemies of the British government in this country, mostly of the group of space could convey.

A GOOD EXAMPLE.

Cultivators of the soil and producers of foodstuffs, on whose labors the nation depends for the prime necessities of existdepends for the prime necessities of exist-ence, apparently do not believe they are gotting financial returns in proportion to those obtained by the class that handles and distributes their crops to the ultimate

Briefly, they complain that there is too much profit in marketing the nation's food supplies and not enough in producing them. Wherefore the farmers of the country are much perturbed and call for a new deal. So they have formed an agricultural bloc in the Senate. They are demanding remedial legislation. They want to put some of the government into their special business. They seek relief through political leagues, backed by radical agitators.

None of these methods will get them anywhere. They but imagine vain things. Politicians are reeds shaken by every shifting wind. Today they are all for the farmer; tomorrow they have forgotten him for the cry of the ex-service man; the next day they will be again for some more vociter-

Allowing that the division of the revenue obtained from the tilling of the soil favors the man in the market at the expense of the man behind the plow, the remedy for this state of affairs rests with the farmers themselves, not through political manipulating in Washington, but by business or ganization in their home States

California has already pointed the way, a sure way, a safe way that does equal justice to producer, distributor and consum-er. The growers of citrus fruits demoner. The growers of citrus fruits demonstrated long ago how producers can handle their crops at a maximum profit to themselves under an efficient system of scientific marketing by which the public is equally benefited. For a quarter of a century they have been getting practical results from this business co-operation, studying transportation problems, marking the need of every community and placing the fruit just wherever the demand calls for the supply.

entirely in the hands of a few commission houses, and too often the growers were presented with freight bills where they

White marketing compare and issues was well as the first of the first rains on the Pere Marquette Railroad resister to be run and controlled by clearly has increased to such an extent that erester to be run and controlled by the California citrus men, in that year of the California citrus men, in that year of dearth 1921, were able to sell their fruit at a good price in the London markets while in the conduct of trains and the England was in the grip of her worst business depression. Also to combat high transmit all orders and command raituation. The engineer will be a part of the companies of their swn and suituation. The engineer will be a part of the conduct of trains are likely to raituation. The engineer will be a part of the swn and spin via Fanama to eastern ports, because every individual orange grower was willing to share in the initial cost of the enterprise.

Again results proved the wisdom of the move.

Western ideas have permeated the move.

human than a recipe for home brew. To his way of thinking it would be the most valuable discovery that could possibly be made—greater than Christopher Columbus discovery of America or William Jennings Bran's discovery or W eceiving and broadcasting station to be as ficient as any on the Coast.

Radiotelephony has come to stay and in no sense will it handicap or interfere with other established methods of communication. The commercial telephone is not to be put out of commission and the land serv-ice of the telegraph will continue in full importance. There are certain reasons why

graph has added to the joy of living the radiotelephone is destined to augment and its benefits will accrue without encroaching on the field of the phonograph.

get out of Russia with a few kopecks in his out the United States who are daily studywest he is glad to kiss the old land good-by.
He never wants to see Russia again. They are even suspicious that if Lenin went to the Genon conference with the Russian drown jewels in his luggage he might decrown jewels in his luggage h

cow or Petrograd with the chance of being shot by some peevish peasant. There are \$,000,000 boisterous Boisheviks who would like to be Ambassador to Washington. It isn't so much that they want to represent Russia as to get away from it. America looks mighty good to a Russian in these days. Russia is the land without hope. There is a group of enemies of the British descent, who are seeking to foment a revolution in India. Perhaps they will succeed; but they are accepting a moral is pre-eminently a home acquisition, bringing to the fireside of the family circle news, music and other attractions. In this respect time alone will prove the far-reaching effect of this new marvel. of this new marvel.

Excess Baggage.

THE OLDEST INHABITANT.

One of the scientists is clamoring for the skull of a preglacial man. He says that there is plenty of evidence of his extention alone will land them finally in No Man's Land.

Radiotelephony, a marvel of the age, at this late day. This particular professor at this late day. This particular professor at this late day. This particular professor is being organized in Southern California under the supervision of the Pacific Radio propulation of India do, divided as they are by are recapitulate the great deeds accompanies that a man is mighty foolish if a present minery would unappear than any other is one which slips so easily than any other is one which slips so easily from the light of history know that lides is suffering from overpopulation, that then swiftly from the tongue, "IMPOSSIBLE."

Yet of how few situations in life can it be asserted with absolute truth. To the heart of youth these smoothly in No Man's Land.

Radiotelephony, a marvel of the age, is being organized in Southern California under the supervision of the Pacific Radio population continues? And what would the present minery would unappear to the outside who view the situation in the light of history know that lidia is suffering from overpopulation, that there are more mouths than food to fill them. If half the population could be carried somewhere else there might be an alleviation of the condition of those who remained. But where are they to go? What land is prepared to receive them? What could self-government do while the overmand of the skeleton of a plicence of the supervision of the Pacific Radio propulation continues? And what would the population continues? And what would the propulation continues? And what would the propulation of India do, divided as they are by the california under the supervision of the condition of those who receive them? What is the condition of those who receive them? What is the propulation of the condition of those who receive them? What is the population could be carried by the californ natives of India do, divided as they are by conflicting religions and feuds a thousand years old. If the British government were to pack its valise and return to Downing

Moslems and the Hindus from flying at each other's throats for their mutual hatred is even flercer than their resentment against lapse as suddenly and completely as did the graph by Marconi, the marvels perform people of India would be as horrible three years hence as is that of the Russian peasants at the present time.

the means to gratify their desires would be as deadly as giving them wood alcohol. The average cost of living under the American government is ten times that in India. Is it going to ameliorate the condition of the native population to give them longings without supplying the things necessary to

To raise the standard of living in India production must be doubled or the popula-tion must be cut in half. That is a state ment of economic truth that all the mouthings of all the demagogues in the world cannot change. It is possible that an uprising, fomented and financed by the ene Great Britain, might destroy British rule. But what would come after? Look at the fate of the Russian people, who were made self-governing before they were yet capable of self-government, and answer.

Lloyd George truthfully said in a recent address in the House of Commons: "We accepted a great trust as a people when we the occupied India. We cannot divest ourselves dote.

trial and economic file.

As we recapitulate the great deeds accom-

plished by the world's renowned ones we find that every achievement was at first classified under this head. It was so with Robert Fulton, the creation of an independ ent republic by George Washington, the emancipation of the black man by Abraham Lincoln, the success of the telegraph by Morse, the telephone by Bell, wireless telegovernment in Russia there is by our own Burbank and so on down the ability that the condition of the long line of people who were not deterred india would be as horrible three from effort by that one word impossible!

All great and adventurous souls are fired to their great deeds by the inspiration born within them and which originates in the Giving western ideas and desires to the people of India without first giving them the intelligence to assimilate the ideas and for west of a hetter word we call divise. for want of a better word, we call divine. Then as they begin their efforts they ar spurred on by the cavils of faint-hearted onlookers crying, "impossible, impossible

This word, now under consideration, instead of carrying within its hidden recesses powerful discouragement, is, to every am-bitious and energetic soul, a stinging spur quickening every resource of the beart and

Those who consider it in this light will The last few days have made a soon drop its prefix, "im," converting it lot of young ones happy—and chilinto the better word, "possible," and this dren of a larger growth among will soon lead, by true and certain steps, to those glorious words, achievement, accomplishment, the two most gratifying words

SNAP SHOTS FROM TEXAS.

Our experience is that sleet is as bad as

who can't imagine how he is going to meet your own sled uphill. It's as close the end.

THE WIFE-TRADERS.

BY EUGENE BROWN.

asking him to take some definite action toward retrieving our morals. I would implore him to use his high office in the effort to correct this threatened national evil of wife-trading. If necessary, I would beg him to call out the army the content of the conten to round up the horde of graceless wife-barterers. If the navy may not be used in foreign war, why not exercise its might in preserv-ing domestic peace and connubial

We fought a bloody war to abol-We fought a bloody war to abolish slave traffic from our fair land. Shall we have another one to rid us of the incoherent penalties of wife-trading."

All those in favor say "Aye!"

All those in favor say "Aye!"

must be aroused against this stig ma upon our escutcheon—or what ever it is that mars our fair fame The government has been at some expense and pains to banish the bootlegger from within our bor-ders. Shall the wife-trader cou-tinue to ride at unrestrained ease in his purple and fine linen? In the words of William Long-fellow: "Not by a jugful."

fellow: "Not by a jugful."

If the government is reluctant to exercise its powers perhaps the lesson can be administered by other agencies. Possibly the DeMille boys might aid with one of the powerful moral lessons of the screen. They could show how a bright and intelligent wife could spare herself the hazards of barter by bathing in an ivory tub every by bathing in an ivory tub every morning and using nothing but Flerida water. No wholesome and considerate husband would think of trading his wife while she was

THE OLD BORSLED.

Another difference between women is that the older ones vote and the younger ones dots.

Our idea of a typical American is a man of sport and laurehous and

As a general thing, after a girl has promerable to an elemental contact with the arth as one is likely to get nowadays, and if there are bumps and will be erected in Santo Domingo when it is finally determined that the body of the great discoverer tion in swooning along with your papa is the smartest man in the world cause if he hadn't been mama wouldn't white crust that you couldn't get out of many a gailon of gasoline—

[Philadelphia Ledger.]

The count was his own:

A Columbus lighthouse memorial will be erected in Santo Domingo when it is finally determined that the body of the great discoverer too the island. And that has been a question bothering historians for a hundred years. Santo Domingo, Havana and Seville all at the door.

[Philadelphia Ledger.]

RIPPLING RHYMES.

THE OLD PROMISE.

New statesmen rise at every shift and seem as slick as wax; of fluent tongues they have the gift "Are we tottering on the frontier of an abyas?"

The son of one of the Pilgrim Fathers is speaking.

In connection with the taking of testimony in an eastern matrimonial tangle it developed that the husband in the case had on an occasion proposed the trading of wives with a former business associate.

In defending his position before the court he cited a neighboring country club wherein the swapping of wives promised to displace the game of golf as a popular pastime.

And there is more to the same ungallant purpose.

Recently in this city a careless and emused citizen offered to exchange his spouse for a half interest in a delicatessen. An authoractor surrendered his wife to her former sweetheart in return for a fast part in a play.

In several cities the sign. "Woman's Exchange," is openly fiaunted on the highway.

What does it all mean?

If I thought it would do any good I would write a forceful and appealing note to President Harding asking him to take some definite action toward retrieving our morals. I would implore him to use his high office in the effort to correct this threatened national evil of wife-trading. If necessary, I would be sp him to call out the army law of the produce of the same of the care of the car

TWO MINUTES OF OPTIMISM. BY HERMAN J. STICIL.

THOUGHTS FOR THE THINKER. BY N. W. PHILBROOK.

Temptation is a solicitation

The effectiveness of a prayer is not always indicated by its leagth.

Better die an honest man than live and wax fat on usury and extortion.

High finance will be called by its right name when Christ comes to judge the earth.

The gospel is intended to be a practical working force in the every-day lives of men. It is not God's plan that it be shut up in the church six days in the week.

practical working force in the every-day lives of men. It is no God's plan that it be shut up the church six days in the week.

the bathtub.

The situation is puzzling—possibly it is desperate; but we are not as those who live without hope.

A man has failed to come in contact with the real purpose of the scriptures unless he has learned to recognize the voice of God speaking to him personally.

The world has a right to expect

a Christian character Christian profession. If a man chooses to adjust his eligion to his habits, his business,

Our idea of a typical American is a man of snow and laughter, and you pull and are bound to wreck the life in

Spring Baseball Training Will be in Full Blast by Tomorrow. SOUTH BOASTS FOUR CAMPS. CASEY NAMED

Some 120 Athletes Get in Trim for Coming Season Under Southern Skies.

Spring training will be very much in full swing in Southern Callfornia by tomorrow night. The main body of the Chicago Cubs will have joined the pitchers and catchers at Catalina Island, Los Angeles will be in Elsisore, the Vernon Tigers at Washington Park and the Pordand Beavers at Pasadess. All told, about 120 baseball athletes will be disporting themselves over the map of Southern California. Wrigley's Cubs are booked for arrival today, and will proceed at once to their new quarters in Catalina.

Testerday the Tiger pitchers and catchers temporarily transferred their activities to Maier Park in Vernon, where the terrain is not so wet. If conditions are satisfactory, they will move back to Washington Park today. Hughis High is due to arrive at any time Manager Lockhart all trakked off to Catalina yesterday, shifting the entire burden onto the shoulders of Sam Grant, inner guardian, or the outer door, and telephone reaponder. Killefer was to have visited the island and inspect Cub

Title Tied Up in Citrus Belt Cagers' Loope

In Citrus Belt Cagers' Loope

The Cagers' Loope

In Citrus Belt Cagers' Loope

In C REDLANDS, Feb. 27.—Which team will represent the Citrus Belt Lague in baskethail in the playoff for the Southern California title is still in doubt for Redlands and San Bernardino both have a claim on the title. San Bernardino has the edge, however, through having defeated Riverside Saturday by a score of 30 to 22. Redlands must defeat the Riverside Saturday by a score of 30 to 22. Redlands must defeat the Riverside saturday by a score of 30 to 22. Redlands must defeat the Riverside and to have a chance at the title.

Should Redlands defeat Riverside, and this is not considered unlikely as the locals have done it once this season, then she will be tied with San Bernardino and it will be necessary to play a third game between the two teams to decide which one shall play in the Southern California championship. San Bernardino is going strong now with Duke and Boyer, the two stars, playing the best game they have played this year.

SUNDAY MORNING

BALL FOR BAY CITY.

SAN FRANCISCO, Feb. 27.—
Sunday morning Pacific Coast Baseball League games are to be played in San Francisco this season for the first time in years. George A. Putnam, secretary of the San Francisco league club, has announced.

In the past the San Francisco and Oakland clubs both played their home games in this city and put on Sunday morning games in Oakland, with afterhoon games here. Recently the Oaks decided to play all their games in Oakland, to play all their games in Oakland, so the local team no longer will journey across the bay for their morning contests.

polished off the Britishers across the water last year for the champlonship, used Scotty in all of his practice games before going to fergiand and became so enamored of his worth that the cean of his worth that be came so enamored of his worth that be came to can. Mr. Burke, however, would not consent as he feared something might happen to the sturdy old campaigner. Scotty is now 19 years old, and strange as it may seem, has still big shoulders and haunches. He big shoulders and all or in protecting a goal. He has become so adept in this line water last year for the champlon under the water last year for t

THE VALE OF KASHMIR.

THE VALE OF KASHMIR.

If the weather is fine enough for cutdoor playing, the "Vale" may be drawn on the ground with larger dimensions, but it can be played as easily indoors on a long table. The diagram of the "Vale of Kashmir" is drawn on a sheet of paper about nine inches in width by eighteen inches in length. This is ruled off in horizontal lines two inches apart. The farthest space is marked "Kashmir."

A pebble is placed in the nearest space, and the first player snaps the pebble (with middle finger and thumbnail.) Whenever the pebble stops in a space the player

and thumbnail.) Whenever the pebble stops in a space the player draws a small "o" near the top to represent a man's head. Then, beginning at starting base, he snaps the pebble once more. If he strikes the same space he adds a larger "o" for the man's body; if he makes the same space again, he

"o" for the man's body; if he makes the same space again, he adds a leg and if again, the other leg. If he happens to achieve three complete "men" in one space, he draws a straight line through

program for Mary Doyle, who was prevented from appearing by an attack of the influenza. She was to read a group of Irish plays.

Mrs. Gliman deplored the prevalency of the wood-knocking habit. Nevertheless it was observed that she herself went through the ceremony with the little reading desk before her. And perhaps she had good reason to so do for the whole afternoon was replete with substitutes on account of the malevolent little microbe. Mrs. Charles Toll's place were taken by Mrs. Clyde Emmerson Gates. Mrs. Birney Donneil was supplanted by Mrs. John Stearns Thayer, all on account of the influenza. But if any were absent from the audience theze were plenty to take their places. A crowded house of members listened to Mrs. Gliman's enjoyable lecture on the "New Bible of George Bernard Shaw and H. G. Wella."

"I have heard Mr. Shaw make The youthful neckline is responsible for the smartness of this new guimpe dress. The overdress could be made of wool crepe, French serge or jersey and the guimpe of pique or linen.

The ladies' and misses' dress is cut in sizes 16 years, 36 to 44 inches bust measure. Size 36 requires 3 yards 32-inch material for overdress and 144 yards 36-inch material for guimpe. Price 15 cents.

Heart Balm. Mrs. Linnie Kleir, who charged

n a divorce suit that her husband Albert Kleir, fainely accused her, was granted a divorce in Judge was granted a divorce in Judge McLucas's court yesterday. She declared that her husband was sulky, morose and deceitful. Mr. Kleir, who blamed another man for breaking up his home, sought some time ago to recover \$10,000 in a heart balm action. He also sued for divorce. Judge Hewitt, who tried the two suits together, denied him a decree and also damages.

WIFE WINS DIVORCE.

U. S. District Judge Charles E. Wolverton of Portland, Or., will open a session of the Federal Court at Fresno tomorrow, sitting in place of Judges Trippet or Blefsoe. He will hold court there at least four weeks, and clean up the clogged calendar. U. S. Attorney Burke and his assistants, Messra. Ellis and Green, will U. S. District Court Clerk Williams, will go north today to assist.

STATE BEGINS RATE HEARING.

Cost of Electricity Will be Cut, is Belief.

Many Cities Represented; Witnesses Examined.

Expansion of Lines Held Necessary to Service.

More than fifty cities of Southern California, the Board of Public Utilities of Los Angeles, the Los Angeles Railway, the Southern California-Portland Cement Company the High Water Company and other corporations with interests centering in the southern half of the State were represented yesterday at the hearing before State Railroad Commissioners Benedict and Rowall of the Southern California Edison Company's rate revision application.

RETURNS HIGH, IS REPORT.

In a preliminary recital of the reasons for the calling of an investigation of the corporation's receipts and disbursements, prior to a voluntary rate reduction. Commissioner Benjedict avplained that the returns to the Edison company aince the returns to consistency that a cut in price to consistency has been contemplated for some months; that, under the circumstances, the commission deemed it advisable to conduct a public hearing at which actual returns and operating costs of the corporation under the existing rate schedule, as well as estimated costs for the current year, should be clearly stated. It is the wish of the commission. Mr. Benedict said, to expedite the examination in every way; therefore, he advised, the consideration of possible complaints of consumers as to rates and service, as well as protracted arguments relative to the basis of rate consideration of possible complaints of consumers hearing, any persons desiring a future investigation along these lines may file a new case at later data.

WOULD EXPAND LANES. RETURNS HIGH, IS REPORT.

WOULD EXPAND LINES.

would expand times.
Company officials also expressed a wish that the reduction of rates be made at the earliest possible date. In the opinion of the Edison corporation, the question is one of economics with an important bearing upon Southern California interests. The company, it is stated, expended \$28,008,000 during 1921, in an effort to catch up, in expansion, for the war years when construction was at a standstill. Despite this expenditure, there is further crying need for extension of the service, to keep pace with population increases.

Judge Frank S. Brittain, representative of the Federated Farm Bureaus of California, and Senator W. J. Carr. president of the City Attorney's Association of Southern California, conducted the cross-examination, during the day of four witnesses, all of whom are affiliated with the Edison company. These included: H. A. Barre, executive engineer: S. M. Kennedy, vice-president, and D. N. Trott, assistant compiroller of the Edison corporation. The witnesses were called by Roy V. Reppy, chief counsel for the company. The testimony, in connection with which eleven exhibits of figures, compilations taken from the company's books of 1921, were filed, had to do almost exclusively with maintenance and operating costs during the year ending Dec. 31, 1921. ending Dec., \$1, 1931.

PUBLIC IS INVITED TO PARK CONFERENCE

ARTISTIC IMPROVEMENT OF DURING WEEK.

Gertrude Caldwell, well-known woman attorney and brilliant speaker, with Gordon Whitnall. cretary of the City Planning Commission, will be among the speakers at today's session of the speakers at today's session of the Park Conference which is being held during the week in the auditorium of Normal Hill Center.

The conference, which will give consideration to various aspects of civic beautifying, opened yeareday at 9:30 a.m. Mrs. Alice Stebbins, special representative of Mayor Cryer, is presiding officer and was among Monday's speakers. Other addresses were given during the day by Orra E. Monette, Miss A. Constance Austin and Mrs. Martha C. Price. During the conference there will be discussions upon civic breathing centers, the widering of boulevards and building of viaducts, the preservation and land-scaping of the hills, the Plaza project and the erection, as a soldiers' memorial, of an auditorium with a seating capacity for large conventions.

Sessions of the Park Conference of the conference of the opening of the park Conference of the conf

Sessions of the Park Conference are open to the public and all are urged to attend and participate in discussions bearing upon city improvement from an artistic standpoint. Morning sessions commence at 9:20 and close at noon. Evening conferences last from 7:30 until 9:20.

SUPPLIES RECEIVED FOR MOLOKAN RELIEF

MARCH 6: FOOD OFFERED WILL BE COLLECTED.

The shipment of supplies for the starving Russian Molokans collected by the local Molokan Relief Society, scheduled for today, has been postponed until March 6, It was announced yesterday. Meantime supplies of flour, rice, beans, canned goods and clothing will be received at the warehouse of the society, 172 South Utah street. Supplies will be called for if notification is given by telephone—Boyle 4184.

Yesterday's contribution to The Times fund for the relief of the Molokans broke the record. The sum of \$188 was received during the day, bringing the total to date, \$486.71, from the following: The shipment of supplies for the

hat Home of Vours

What are you going to do about?

Ask yourself these questions:-

"When will I own a home of my own?" "Where would I most enjoy living?"

Any man should be able to answer the first. Any woman should be able to answer the second. Until you answer, you aren't getting anywhere in life. That is why they are important

Where will you live?

For 160,000 people, Palos Verdes Estates—a superb seashore area of twenty-five square miles in the very center of the Greater Los Angeles shore line, provides an exceptional op-portunity as the ideal location for a permanent home, and a like opportunity for wise and sound investment. Its

16,000 acres, rise from the sea in natural terraces, and slope again landward to the Los Angeles city level. To the north and south more than 100,000 people already have found homes in properties now highly valuable from Long Beach to Santa Monica. Palos Verdes is in the heart of this group, and hun-dreds of acres of its land are within the present Los Angeles city limits. Can you imag-ine a more delightful place to live?

Improved Land and Homes at Cost

This great area, held intact for a hundred years, is now available to you at cost of land and development. The essentials are

a. m. to 10 p. m. at the General Off-fices, 929 South Broadway. as follows: 1-The Management of Palos Verdes has undertaken the development and sale of these extensive

929 South Broadway

You are invited to inspect the great Relief Model of Palos Verdes

and Greater Los Angeles, on ex hibit daily except Sunday from 10

2-To secure the greatest present and future values, city builders and landscape architects of note have been retained in the designing and supervision of this development.

3-Land and development costs will be financed through underwriting subscriptions. The profits of the enterprise will be shared among the underwriters.

Each subscriber may elect to re-ceive, in return for his subscription -(1) Convertible Notes, to be used in the purchase of the developed land at cost, or (2) Non-convertible notes, which entitles the holder to a pro-rata share in the profits from the sale of the developed land to the general public. THIS form of investment is attractive to those seeking profitable returns without actual land purchase.

5-Each subscription must be accompanied by 10 per cent of its face value in cash or negotiable securi-ties. Thus, with a minimum subscription of one hundred dollars, you need pay only ten dollars at the start, in order to become an underwriter with the privilege of buying this developed land at cost to the value of your subscription. The remainder is payable over a period of thirty-six months with interest at 7 per cent. Similarly, with \$100 in hand, you may subscribe for One Thousand Dollars, with all the

benefits above described.

6-All subscrip tions are payable to and held by the Title Insurance and Trust Company of Los Angeles, as Trustee, and un-til \$15,000.00 is subscribed no money from sub-scriptions will be used in Palos Verdes advertising or operating development.

Cost and Profits

The costs of the Palos Verdes Land and Basic Improvement are estimated at \$15,000,000. An additional \$20,000,-000 in subscriptions is offered, to be used in modern city development in cluding schools. parks, clubs and

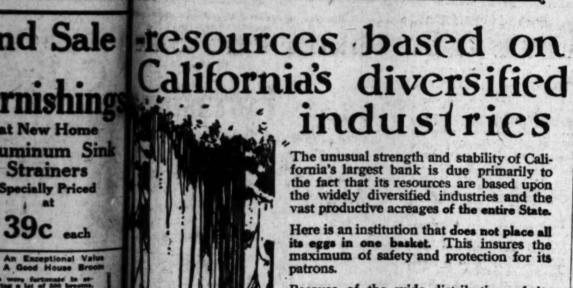

other advantages, which as a rule repay their cost many times, bringing the total complete development cost to \$35,000,000. Deducting one-third the entire area for public uses, and estimating the sales value of the remainder at \$50 a front foot, when sold to the public, the total sales value is One Hundred and Ten Million Dollars, or a gross profit to the underwriters of more than 200 per cent on their invest-ment. The Management of Paios Verdes believes this estimate to be conservative.

How to Proceed

You should investigate Palos Verdes Estates. Write for the Book of Palos Verdes, with thirty-six pages of solid information, photographs, maps, charts and descriptions. Simply tear off the coupon on this page, sign it, and send it in. As an investor or a home builder, you cannot afford to overlook this opportunity. Address

alled by Case. Federal Court Document Would Block Unions.

An echo of the strike of the em-oyees of the Pacific Electric in summer of 1918 will be heard Trippet's court this morning, when a motion will be argued on behalf of the corporation to make perma-nent the temporary restraining or-der issued by Judge Biedece on

restraining order be made permacent, so as to avoid any recurrence
of the industrial situation in 1918.

The temporary order restrained
the defendants from interfering
with the employees of the Pacific
Electric lines; from unionizing the
employees; from unionizing with
the trains or trespassing on the
property of the Pacific Electric.
As issued the order applied to the
lines of the road in Los Angeles,
from Bernardino, Riverside and
Orange counties.

CITY EXPENSES SHOW INCREASE

Census Bureau Reports Rise in Per Capta Tax Here.

Governmental Costs Take Big Jump in a Few Years.

Our Indebtedness Decreases, However, Figures Prove.

WASHINGTON, Feb. 27.—The Department of Commerce, through the Bureau of the Census, announces that the costs of government for the city of Los Angeles for the fiscal year ending June 30, 1921, amounted to \$41,518,668, of the corporation to make permanent the temporary restraining order issued by Judge Bledeo on July 2, 1918.

The action is the Pacific Electric Railway against M. E. Montgomery and J. A. Farquarson, organizers of the Brotherhood of Locomotive Engineers and Brotherhood of Committee in Cleveland, O.; O. T. Lafover, James Emith, George Duncah, C. N. Herb, A. N. Miller, W. J. Clark and others.

Montgomery and Farquarson of East Tree to Los Angeles in July, 1918, according to reporta, and tried to organize and unionize the employees of the Pacific Electric. It was at the peak of the war with Germany and thousands of men were daily passing over the lines between the shipbuilding plants at Long Beach and San Pedro, also from the rendezvous of troeps at Aroadia and Ft. MacArthur.

The temporary order issued by Judge Bledseo had the effect of breaking the back of the contemplated strike. The union officials demanded that the employees quit the service uniess the uniques were recognized, but this was not done, and after the decisive blew of the local Federal Courts, the strike Vanished into thin air.

Since that date the men concerned have for the most part left Los Angeles, although a few were restored to the pay rolls of the company.

It has been deemed best by Pacific Electric officials out of abundant caution that the temporary of the Emporary of the Emporary of the Company.

DEBTS ARE DECREASING.

DEBTS ARE DECREASING.

The net indebtedness (funded and floating debt less sinking fund assets) of Los Angeles is decreasing. being \$75.03 per capits for 1921, \$92.45 for 1918 and \$96.12 for 1915, the figures show.

In nearly all cities the property subject to the general property taxes varies in the reported basis of assessment, though in most States the law requires that property be assessed at full mark value. For this reason the best measure of cost to the property owner is the per capita tax levy. The per capita levies for Los Angeles for 1921 were: Total, \$45.48; city corporation, \$17.35; school district, \$12.30, and county, \$15.83. In all of the data shown for this city the transactions of the independent school district are included.

restaurant man, who is now seriously ill with heart trouble. He has not yet been informed of the tragedy. She was married twenty-three years ago to a Boston attorney, who died several years after the marriage. She afterward resumed her maiden name, and sixteen years ago was married to Frady.

IROQUOIS VICTIMS.

Frady's first wife and two daughters perished in the Iroquois Theater disaster. By his second wife he has one son, Edgar. Jr., now attending school at Woodstock, Ill. Frady was for a long time connected with the Cole Motor Company at Indianapolis, and of late years has represented that company in Chicago.

For nine years of their married life the Fradys seemed happy. Then Allen Aubuchon, a jockey, sued Frady for \$25,000, alleging allenation of the affections of Mrs. Aubuchon. Since that time, according to neighbors, quarrels have been frequent between the Fradys. Lately, it is said, Frady has shown unmistakable signs of a neryous breakdown. He went to Cuba, and, it is understood, drank heavily. It is recalled in connection with the fatal shooting of John R. Thompson's sister, that the millionaire restaurateur about a year ago weeks at a time.

skins and made with the greatest of care.

Twenty-five London shops have received patronage from the bride in the completion of her wadding wardrobe. They embrace makers of afternoon dresses, evening dresses, coat dresses, evening casts, jumpers, haudkerchiefs, shoes, hats and lingerie. In addition, homespuns, for traveling suits and lace and embroideries for lingerie, have been obtained from Scotland and Ireland.

oneymoon to Weston Park. Shift WEDDING BREAKFAST.

Plans for the wedding breakfast were complete last night. The company will number 170. As the famous State banquet room is not big enough for all of them, the bride and groom, the King and Queen, and about 100 of the principal guests will gather here, while the others will be accommodated in the state hall and supper room which practically adjoins the banquet room. Round tables, each accommodating twelve persons, will be used and the guests will be seated at 1 o'clock.

The brilliant assemblage which is to witness the service in Westminster Abbey will be more in the nature of friends than is usually the case in great state functions, for the majority of those invited are really friends, or at least acquaintances of one or both of the principals, rather than guests merely bidden on account of court formality.

When the betrothal of the Princess was first announced it was expected that many members of royal families from abroad would be invited to the ceremony, but only the son and daughter of the King of Spain, and Grand Duke Michael and Prince Nicholas of Rumanja will be present, they being the only mambers of other royal houses in England at this time.

PRIVATE SOLDIER INVITED.

In the domestic groups, rails of the speculative type were in fur-ther demand, but fractional to one-point gains in that group were slightly shaded by the reversal in the stock market. Buying of Lib-erty Bonds expanded, although several of those issues closed at slight losses. Local tractions, not-ably Brooklyn Transit T's, registered substantial gains. Total sales (par value) aggregated \$19.275,000.

world, fairy-tale fashion, to seek his fortune, adopting the army as his profession. During the war, when he was in the trenches, he was informed that he had become a millionaire under the will of his wicked uncle, Lord Clanricarde, famous as one of the last of the "die-hard" Irish landlords, an art connolsseur and a miser.

Viscount Lascelles had no reason to expect this fortune, and it was left to him by a freak of the kind for which Lord Clanricarde was famous. When he marries the king's daughter, he will receive the Order of the Garter, the highest rank in British chivalry.

WASHINGTON, Feb. 27.—At least one-half of the immigrants coming to this country under the three-per-cent quots law would be required to take passage aboard American ships under a bill introduced today by Representative Cable, Ohio, Republican members of the House Immigration Committee. The bill also provides for inspection and examination of aliens prior to their departure and for a penalty of \$200 on each violation by a steamship company.

The Secretary of Labor would be permitted to designate the ships on which allens might travel him were their country had no adequate transportation facilities.

Unanimous Decision Holds Women Can Vote.

Amendment to Constitution Legally Made.

boat and get its dollar back. Proclamation of Ratification

Proclamation of Ratification is Sufficient

[BY A. P. NIGHT WIRE.]

WASHINGTON. Feb. 27.—The constitutionality of the women's suffrage or Nineteenth Amendment was sustained today by the Supreme Court in an unanimous decision rendered by Justice Brandels.

The challenge came from the State of Maryland, where Oscar Leser and others sought to prevent the registration of two women as qualified voters in Baltimore. The constitution of Maryland limited suffrage to men; that the Legislature of Maryland had refused to ratify the women's suffrage amendment had not become a part of the Federal Constitution. The Maryland Biate oouris sustained the amendment. The contention that an amendment be valid and the other invalid. It poined out that the validity of the Fifteenth, or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, Amendment, declaring that one cannot be valid and the other invalid. It pointed out that the validity of the Fifteenth or equal suffrage, amendment and the constitution of the Fifteenth or equal suffrage. Amendment had been recognised for half a century.

be returned to the systems in the anticologies of the government war-projected by the Homesterized to the proposal continuous investigation. The way was cleared to begin consideration of the company would oppose any suction and eliver it to have a consistent of the proposal continuous investigation. The way was cleared to begin consideration and eliver it to have a consideration of the proposal continuous many proposal was also as the continuous many was cleared to begin consideration. At the same time chairman Kahn said the committee hoped week of all hearings one of the fore it, including those from Mr. Ford, the alabama Power Company and Prederick Engstrum. For the House reciting the committee's opinions in the proposal studied.

The decision to begin the extraction of the company continuous precision of the proposal studied.

The decision to begin the extraction of the company for extraction proposal to make any mended today by Maj.-Gen Beach concern, and Thomas W. Martin, president of the company for extraction of the concern the proposal to make any provision for the manufacture of the war-concern, and Thomas W. The contention was disposed of, however, on a breader ground, the court stated, adding that the Secretary of State, having issued a proclamation of the ratification of the amendment of the triplet of tripl

SECOND CASE DECIDED. Another attack upon women's uffrage was disposed of by the suffrage was disposed of by the court today in an opinion handed down by Justice Brandels. It came from the courts of the District of Columbia and was brought by Charles S Fairchild of New York, who sought to compel the withdrawal of the ratification proclamation. Declaring the decision a "final and complete official recognition of the victory of a seventy-two-year campaign by the women of the United States." Alice Paul, vice-president of the National Women's Party, issued a statement in which she said "women are now free to devote their energies to compelling the equalrights program."

are now free to devote their energies to compelling the equalrights program."

She asserted that suffrage was
only one plank and women asked
"an equal share in all political offices, honors and emoluments;
complete equity in marriage; equality in regard to personal freedom,
property, wages and children, and
equal rights in the courts, schools,
trades and professions."

HUNT PLANS TO ENTER POLITICS.

Former Arizona Governor May Seek Senate.

Refuses to be Honor Guest at Banquet.

Lines Sharply Drawn for Phoenix Election.

PHOENIX (Ariz.) Feb. 27.-George W. P. Hunt, former Governor of Arizona, and late American Minister to Slam, has declined to be the guest of honor at a banquet given by the Phoenix Chamber of Commerce. This declination became known through publication of a letter written by him to friends, in which he suggests that, "owing to the economic depression, that such expense for a banquet be given to the poor," with assurger, that any dispressed its meant

be given to the poor." with assurance that no disrespect is meant to the chamber.

In the letter, the former Governor decares "that I am the same Democrat that I was when I left Arizona, with the same veneration for traditional Democratic ideals and the same firm belief in progressive Democratic principles and that I expect to be no less carnest than before in their defense and promotion."

promotion."
All this is interpreted to mean that the former Governor intends to get into politics again. There is speculation whether he may not be a candidate for United States Senator against Ashurst, whose term is expiring.

PHOENIX GROWTH SHOWN. PHOENIX GROWTH SHOWN.

That Phoenix has grown within the last two years is indicated by the city registration of \$850, an increase of \$50 above the last registration. This new registration will be increased somewhat when the books again are opened following the primary election of March 4, when the Mayor and two Commissiners are to be chosen.

Car running amuck last night in car running amuck last night in and seriously injured another. The car was unoccupied save for the motorman and conductor. It was bound for the barns at a high time to the properties of the curve, plunging from the tracks into a store front.

On the sidewalk were Andrew Podblelski and Casimir Sabiszak.

The business men's ticket includes for Mayor, A. L. Moore, anr for Commissioners, Dr. W. C. Burton and H. H. Hotchkiss. The opposition for Mayor has put for-ward Lon L. Harmon, a wealthy cattleman, who also is prominent-ly mentioned as a candidate for Governor on the Democratic ticket, and for commissioners. Dr. W. C. Ellis and Wilbur Treadwell.

MESA (Ariz.) Feb. 27.—Charles H. Allen, aged 92. one of the founders of Mesa, has died, after a long illness. He had been a prominent member of the Mormon chusch. church. A large number of chil-dren and grandchildren survive.

WILL REDUCE FARES. (EXCLUSIVE DISPAREN.)
CLIFTON (Ariz.) Feb. 27.—One effect of the purchase by the Phelps-Dotge interests of the Artona and New Mexico Railway from Hachita to Clifton is to be the dropping of passenger fares from 6 cents a mile to 4.8 cents. The change has been approved by the Arizona Corporation Commission.

NOTED DENTIST DEAD.

EXCLUSIVE DISARCE.

TEMPE (Ariz.) Feb. 27.—Dr.

M. V. B. Ames, formerly of Chicago, said to have invented the
first dental cement used in the
United States, died suddenly a
his home near Kyrene, ten mile
south of Tempe.

> **Hundred Warrants Out for** Donatio: Faces 192 Years in Prison.

PARIS, Feb. 27.—The police Paris assert that Sanchez Donatlo also known as Antonio Lluisa and Harrison Edison, who was arrested in Barcelona, Spain, Sat-urday, in connection with forgeries totaling nearly 4,000,000 francs, is really Antonio Lluisa y francs, is really Antonio Lluisa y
Buse, who has been hunted by the
European police for six years.
According to the police about
100 warrants for the arrest of
Iduisa are out and he has been
sentenced by default in Spain to
132 years in prison. It is asserted that he contracted under
various assumed names, seven
marriages, each time fleeing with
the fortune of the bride. His sixth
marriage is said to have been to a
daughter of the chief of police of
Havana.

marriage is said to have been to a daughter of the chief of police of Havana.

Lluisa, the police declared, posed as a brother-in-law of the Minister of Finance of Ecuador in Guayaquil and 'at he successfully impersonated King Alfonso at Mauritius, an island in the Indian Ocean, borrowing large sums of money. Later he posed as a president of the republic of Andorra, which lies on the southern slope of the Pyrennes between France and Spain.

Lluisa speaks seven languages fluently. He wore military and naval uniforms at various times. He even used ecclesiastical clothes and on occasions appeared in a Spanish court costume.

The French police are taking credit for having definitely identified Liuisa through a circular sent throughout the world a month ago.

PASSION PLAY OPENS.

MORSE IS HELD BY GRAND JURY.

Three Sons and Others Are Held Also.

Conspiracy is Alleged in the Indictments.

Many Millions Involved in Charges.

WASHINGTON, Feb. 27.— Charles W. Morse, New York shipbuilder; his three sons—Ervin. Benjamin and Harry Morse—and eight others alleged to have been associated with him in connection with war-time shipping contracts were today indicted by the Federal grand jury on charges of conspir-acy to defraud the United States and the Emergency Fleet Corpora-

Those indicted in addition to Morse and his sons were: Colin H. Livingstone, tormer president Virginia Shipbuilding Corporation and president of the Boy Scouts of America; George M. Burditt, at-America: George M. Burditt, attorney for the Morse interests, especially the United States Transport Company, Inc.: Nehmish H. Campbell of New York, assistant treasurer, United States Transport Company, Inc.: Rupert M. Much, Augusta, Maine, assistant treasurer Virginia Shipbuilding Corporation; W. W. Scott, Washington, attorney for Virginia Shipbuilding Corporation: Philip Reinhardt, auditor for United States Fiest Corporation at Alexandria, Va.: Leonard D. Christie, treasurer, Virginia Shipbuilding Corporation; Robert O. White, assistant treasurer, Groton Iron Works, president of the United States Transport Company, Inc.

TWO INDICTMENTS.

TWO INDICTMENTS.

Two indictments were returned, both covering identical transactions and accusing the same persons. One charges a conspiracy to defraud the United States and the other a conspiracy to commit an offense against the United States Shipping Board. A \$10,000 bond was fixed in each case.

In a statement Mr. Morse charged that the "indictment, which is terribly unjust, as will be proven later, I believe, was secured because of personal feeling against me on the part of Att.-Gen. Daugherty and certain present officials of the United States Shipping Board." Mr. Morse's attorney, Wilton J. Liambert, said that indictments against Mr. Morse and his associates would never have been returned had they been permitted to appear before the grand jury, and that the defendants all will be promptly acquitted as soon as the real and actual syldence is presented.

MILLIONS INVOLVED.

MILWAUKEE, Peb. 27.—Mrs. 17 to contracte between the Emergence Piece Corporation and the Green from Works and the Vitable Corporation and the Corporation of the charges resulting in the contract between the Emergence Piece Corporation and the Vitable Corporation of the Corporati

Fists Fly When Fight Crops Up in Book Hearing

NEW YORK, Feb. 27.—A fist fight developed today at the in-

new fork. Feb. 27.—A fist fight developed today at the investigation into school history books which is being conducted by Commissioner of Accounts Hirschfield. Thomas P. Truitt, secretary of the Star Spangled Banner Association, and a Civil War veteran, accused Francis Kennicutt, lawyer, of being a British propagandist, whereupon the lawyer retorted that the veteran was a sinn Feiner, and so were a lot of others at the hearing.

Bang! The veteran's fist struck the lawyer's mouth.

Whisn! came the lawyer's sturdy right. Mr. Truitt ducked it, and spectators then separated them.

The old, old question. "Was John Hancock a smuggler?" came up again at today's hearing. A business man said the only smuggling Hancock ever did was to remove some fine wine from one of his ships. Mr. Hirschfield remarked that "it is now considered a badge of honor to get a few cases of liquor."

FOR RECEIVER.

Co-operative Concern Says Action Necessary.

Interference of Members Given as Cause.

Business Reverses Brought Dissatisfaction,

The management of the Pacific Co-operative League, operating forty-three general merchandise stores in California, Oregon, Nevada, Arizona and New Mexico, and doing a total business of \$3,000,000 annually, petitioned for a receiver today in the United States District Court.

The league is solvent, according to a formal statement by Ernest DES MOINES, Feb. 27.—Construction of the \$175,000 clubhouse of the Wakonda Club on south west Eighteenth street will be begun immediately.

The village of Dickens was almost destroyed by fire in the busness section last night. The loss is about \$200,000.

The loss of the Wakonda Club on south west Eighteenth street will be begun immediately.

The real estate, property, formulass and trademarks of the Pettion Products Company were ordered sold at auction in an internect of the United States is about \$200,000.

REVERSES MET.

ST. PAUL.

"The league has been in operation size of \$133 and has paid out large sums in dividends. During 1921, however, it met with business to that dividends had to be suspended. This caused general dissatisfaction and interference with the management of the business by disgruntled stock-holders.

"Attempts of the president to close out stores that were unprofitable have been resisted by litigation, intimidation and other means.

"Unwarranted and destructive means.

"Unwarranted and destructive interference has endangered the business and rendered it incapable of meeting its present obligations, and a receiver is therefore neces-ans," Ames concluded. The design of the particular and the paul.

PORT NOTES.

Telegraphic advices received at Los Angeles Harbor yesterday said that the sailing ship Falls of Clyde, operated by the General

Clyde, operated by the General Petroleum Corp., is coming to Los Angeles Harbor in tow of the tanker Yorba Linda, with her holds filled with oil well machinery and supplies. The vessels are coming from Tampico and are scheduled to arrive at the local port today. The announcement follows closely on the heels of the news that refineries operated by American oil companies in the Tampico field have been closed down and all oil activities there have come to a temporary end.

The Pacific Mail Line steamer Newport, bound for ports along the West Coast of Mexico, sailed from Los Angeles Harbor last night at 6 o'clock with more than 800 tons of general cargo picked up here and with a score or more of passengers.

The Atlantic, Gulf and Pacific reighter Liberator, from New York

reighter Liberator, from New York with 2200 tons of iron pipe and general merchandise for this port, began unloading at the wharves of the Outer Harbor Dock and Wharf Co., yesterday, She will proceed to San Francisco and other northern ports for the discharge of the remainder of her cargo following completion of unloading here. OLD LAW FOUND BAR TO MEXICAN TRADERS

Preparing for her first voyage to the Pacific with Los Angeles Harbor as her first port of call, the Danish motorship Fionia, of the Danish East Asiatic Co., will commence loading at Hamburg this week, according to a cable message received by local agents of the company. The Fionia is a 18,000-ton motorship and is known as "the admiral's ship" of the Danish mecchant marine, and has been used by King Christian of Denmark for short cruises. She is fitted up luxuriously.

Two-Day Convention.

the State Mining Bureau this afternoon.

Commissioner Clarke passed the hole as possessing a perfect water shutoff, it being one of a very few on the hill to get a faultless cennent job on the first attempt.

Supt. Blondi Elder, who brought in the Shell Alamitos No. 1, the first Signal Hill producer, announced today that the Crest Consolidated well would be drilled forty to fifty feet further into the oll sand before it is placed on production later in the week.

The well is already 2930 feet deep, and is nine feet in the first producting oil sand. It is surrounded by five producing oil wells, those of the Shell Alamitos No. 1, Randberg Petroleum Crew No. 1, Handerson Petroleum Warren No. 1, and Co-operative No. 1.

A Tulesa control head has been placed on the Crest Consolidated well, which has been heaving the past three days under heavy gas pressure. Tanks have been erected to receive the oil. The acreage upon which the well was drilled is owned by Fred S. James, C. E. Jordan, Frank H. Church and Ray C. Fulwiler, it was leased on a one-sixth basis to the Long Beach Consolidated Oil Company, which in turn subleased it to the Crest OH Company on a fifty-fifty basis.

Bailing for a water shut-off in the well of the Henderson Petroleum Company's Lekas No. 1, at Burnett and Cherry, will start tomorrow. The hole is 2952 feet deep, and is expected to be placed on production by the end of the

week.
Oil has been spurting from the casing of the Signal Hill Syndicate No. 1 the past few days and that hole is expected to be on production some time this week.

STIRRING ADDRESS.

J. S. Joplin, district manager of the Better American Federation, delivered a stirring address before a well-attended meeting of the Long Beach Advertising Club at Spaulding's tonight. Mr. Joplin spoke on "Present Day Problems." Hugh Marti was chairman of the meeting. It was announced that Long Beach planned to attend fifty strong at the coming Ad Club convention at San Diego.

SAN DIEGO, Feb. 27. - The serted liquor smugglers was re-corded today when Customs Off-

cer Harvey Shepard arrested the eextette and brought them to the City Jail.

The six men, it is charged, attempted to overpower the officer when he stopped them near Tecat, near the border, but were held off at the point of Shepard's pistol.

One of the men, giving the name of Walter Watson, evidently doubting that the officer meant business, was knocked unconscious when Shepard was compelled to use the butt of his weapon. Watson was so painfully injured that treatment at the emergency hospital was necessary.

pital was necessary.
Shepard said today that the men would be prosecuted on a charge of smuggling and violating the Velstead Act.

Ignorant of Tragedy.

Had Had Reverses.

After Innestigation, in the share of male in the states of the share o

opinion that if his friend had committed suicide he would have left a note.

A peculiar circumstance brought out by the testimony of Mr. Lewis and Edward Loftus, a gardener, was that Mr. Haupt had a fire in his bedroom on Wednesday night of last week. In some minner he had set fire to his bedclothes and had put them out by throwing them in the bathtub. Loftus saw Haupt throw the remnants of the burned bedding on a rubbish pile Thursday afternoon. Indications showed that the bedding had been burned in his own bedroom and that afterward he went to his wife's bedroom. It was there he was found. Mrs. Haupt was away, visiting at the Merritt ranch in Tulare cougity, and Haupt was alone in the house.

The Coroner's jury deliberated fifteen minutes and returned a verdict that he died from inhalling gas, with suicidal intent. The inquest was held at the undertaking rooms of Turner & Stephena.

NEW ALMOND CONTRACTS DEMANDED.

Growers' Exchange Says It Can't Continue on Present Seasonal Basis.

SAN FRANCISCO, Feb. 27. -BAN FRANCISCO, Feb. 27.—
The California Almond Growers
Exchange, comprising approximately 4000 growers "must liquidate or reorganize along new
lines," according to a notice sentto the members today by the
board of directors of the organization. "While the exchange is entirely free of debt, it cannot go on
under the old form of seasonal
contracts for the delivery of
growers' almonds into pools because such contracts no longer
afford banking credit," the notice
said.
The collective of contracts of the collection of the

cause such contracts no lenger afford banking credit." the notice said.

The soliciting of orders for the signing of seasonal selling contracts have been halted until further orders, it was announced. "The directors have informed me" said T. C. Tucker, mansger of the exchange, "that the marketing and selling activities of the exchange will not be renewed until a substantial number of the growers sign crop agency contracts running for a period of at least five years."

In a report the directors said "When I say that I we growers sign crop agency contracts are unwilling to support the new plan of organization and operation." The board pointed out that prospects for the future were never brighter if the growers signed the new crop agency contracts.

The situation involves more than 100,000 acres of land planted to approximately 7,000,000 trees and representing an investment of 260,000,000. The exchange is twelve years old.

Imperial Valley Acreage Double That of Year Ago.

CALEXICO. Feb. 27.—Cotton acreage double last season's figure was predicted here today by T. J. West of Calexico, head of the Calexico Compress Company, and an authority on the cotton industry. Such a production applies to the American side of the Imperial Valley, as well as to the Lower California territory, he asserted.

"There were 90,000 acres of cotton in Lower California last year," said Mr. West. "In Imperial county the acreage was approximately 25,000."

Mg. West then declared that this year the plantings so far indicate a possible acreage of 180,000 in Lower California, with fully 50,000 on the American side. The crop total for Lower California and Imperial county last season is said by Mr. West to have been 75,000 bales have been compressed thus far this winter, he stated.

Lower ginning charges and labor costs have proved beneficial to cotton growers, he said, and will prove profitable again during the 1922 season.

Reserve Board Head and Los Angeles Banker Sum- Market Furnishes Surprises Through Session; Politics

John Perrin, chairman of the board and Federal Reserve agent, for the Twelfth District bank, a branch of which is located in Los Angeles, has summarized the business and agricultural conditions of the district. He finds that prices for most of the principal farm products have risen materially since the first of the year. Wheat, wool, and all kinds of live stock benefited particularly, as did also the citrus fruits, but the latter at the expense of damage by sliding frosts and winds estimated as high as 59 per cent of the anticipated crop.

Commodities such as barley, rice and cotton, which did not participate in the general rise are nevertheless at prices comparing favorably with those of a year ago, since a large part of last year's grops is already out of the farming hand, the recent rise in prices will not operate primarily of increase returns to be resided from crops now in the ground.

That the increased prices have, resulted in considerable market-

were in evidence last year, the Los counted by the Federal Reserve Bank for all members banks on rebruary 4 (\$57,508,006,) were 11.9 per cent less in amount than they were on January 11 and conflituted a new low figure for the cadjustment period.

The lumber industry of the district continued to improve during January, increases being registered in production, shipments and orders received, both as compared with the months of December and January, 1921. The cut of the argest lumber association in the street of the week ending February 11 (184 mills reporting) was only 11 per cent below normal, The argort movement of Douglas in during 1921 (458,223,000 feet) sexceeded by 5,006,000 feet the exports of 1920. In the mining industry the noteworthy development was announcement of decisions to resume operations by five of the principal copper companies of Arisona which have been closed since May, 1921. Their resumption will mean that seven of the

Interesting Facts Investors Should Remember

During the past few months Government Municipal, Canadian and Public Utility bonds have increased substantially in value.

This marked increase in price has not been largely felt as yet among sound industrials and in this latter class, investors may still purchase long term first mortgage bonds to net better than 7%.

NEW YORK STOCK EXCHANGE

NEW YORK, Feb. 27.—Foreign developments over the week-end were accelerating factors in the greater strength and activity shown by the stock market during the first half of today's session, leaders making extreme gains of 1 to 5 points.

Practically all of the advance was lest in the final hour, however, when selling of steels, equipments, olls, tobaccos and chemicals caused a heavy close at extreme reversals of 1 to 5 points from maximum quotations.

Transactions again were broad, aggregating 1,000,000 shares. The outcome of the meeting between the British and French premiers, which in turn imparted buoyancy to leading European currencies, resulted in the further retirement of the shorts during the foremon.

Domestic advices also offered ground for encouragement, importance being attached by bankers to the Senate committee's favorable report on the treaties adopted by the Arms Conference. Railroad tonnage at principal terminals continued to gain on the more expansive movement of foodstuffs to distributing centers, but western investors showed a contending fell below 2 cents.

CERTIFIED AS A LEGAL INVESTMENT FOR SAVINGS BANKS IN CALIFORNIA

Road District 149 is situated in the northerly part of the County of Los Angeles, has an area of over 109 square miles (69,760 acres) and lies easterly of the town of Lancaster, which is situated on the Southern Pacific Railway and through which passes a State Highway running from Los Angeles to the Owens River Valley.

The paved road for the construction of which these bonds have been issued, extends from Lancaster east and north for 14 miles through a fertile farming country in which are situated two well known localities,—"Redman" and "Roosevelt"—famous as producers of Alfalfa of exceptional quality. Throughout the District there is an abundance of water available for irrigation, and obtainable from wells at economical depths.

The road which has been built is of heavy Macadam 18 feet wide, and under the law must be maintained by the County of Los Angeles.

Plenty of Money For **Building Loans**

Building a new home or apartment-house requires ready money. To expedite its immediate erection we are prepared to make liberal loans. Loans on any projected or recently completed residence or apartment-house that is well located in LOS ANGELES or its immediate vicinity will be

Closed Immediately—Without Delay

Loans to any amount will be made on apartment-houses, but on residences the limit is \$5000. Each loan is made for 15 years and may be paid off on or after three years without bonus. Interest is payable June 1 and December 1 in each year, and principal is reduced by the payment semi-annually of 3 per cent of the face of the loan. When "Building Loans" are made, papers must be recorded before any material is delivered or labor performed. Details will be furnished on application.

NEW FINANCING IS UNDER WAY.

sed from Twelfth Page.) 2500 guilder bond to yield 6.15 per cent to maturity and 6.30 per cent to the callable date in 1932. The issue was heavily oversubscribed early in the day and a slight advance in prices was reported in the curb sales in New York. The offering was made by a Dillon-

CLOSE BIDDING.

One of the closest pieces of bid-ding ever reported in a municipal

ding ever reported in a municipal bond sale in this territory took place yesterday when R. H. Moulton & Co. were awarded \$150,000 Corona High School District 5½ per cent bonds at a price that was only \$79.50 above the next highest bid. The Moulton firm offered a premium of \$10,129.50 and Stephens & Co. came second with an offer of \$10,050.

Other bids on the issue were premiums of \$9825. offered by Blyth, Witter & Co.; \$9570 by the Anglo and London-Paris National Bank of San Francisco; \$8525 by Frick, Martin & Co.; \$3180 by the District Bond Company; \$7900 by the Citizens' National Bank; \$7388 by the Bank of Italy; \$5346 by the William R. Staats Company, and \$80 by Frost & Co. of New York.

CALLING BY LETTER.

CALLING BY LETTER.

CALLING BY LETTER.

A technical feature of the Victory Note issue which is not generally understood concerns their redemption. The authorizing Act of Congress provides that the Victory issue may be redeemed at par, either as a whole or in part. on June 15 or December 15, 1922, subject to four months' notice in advance. Bankers and investment dealers have heretofore held to the opinion that the treasury would not have sufficient funds at its disposal to retire all the Victory Notes before maturity, and the practical difficulties attendant upon calling any part of the issue were held to be virtually insurmounable. However, an inspection of any Victory 4% per cent Note will reveal a capital letter preceding the serial number of the certificate. "A" or "B" or "C." etc., indicating that there are about a dozen different series outstanding, presumably totaling from \$300,000,000 to \$400,000,000 each. There is nothing to present the treasury from serving notice on or before August 15 that all Vivtory 4%s bearing certain specified "letters" are to be redeemed on December 15, on which date interest would cease. It is a distinct possibility that the treasury may be obliged to resort to this method of retiring Victory Notes to avoid paying a premium for them henceforth. A Victory 4% per cent Note when called for redemption becomes merely a four months' note worth 100 1-4, or less, to net 4 per cent.

Unchanged conditions ruled in the alfalfa hay market last week according to the official letter issued yesterday by the California talfalfa Growers' Exchange. The higher range of prices established recently for coarse grains and feeding stuff has materially improved alfalfa prospects for the new crop year, according to the exchange. There were 1240 tons of grain and alfalfa hay received on the Los Angeles tracks during the week ended February 25. Four hundred and ninety tons were held over. Prevailing prices in this district were \$25 a ton for No. 1 dairy stock and \$20 for standard alfalfa.

FOOD IN STORAGE. warehouses was stopped last and slight advances were rep over the previous week in y day's cold storage report. plies of potatoes continue to cumulate. Stocks held in warehoused during the week's February 25 were: Eggs, cases; butter. 148,291 po cheese, 525,382 pounds; a 486,722 boxes; potatoes;

406,733 boxes; ,732 boxes: potatoes, 28, ks and onlone, 5270 sacks. ALBERS RECOVERS.

ALBERS RECOVERS.

The announcement yesterday that the Albers Brothers Milling Company had sold an issue of \$10,-500,000 first closed mortgage 7½ per cent bonds to a syndicate of Pacific Coast bond houses drew the attention of local investment bankers to the steady recovery that company has made during the past year, recent earnings statements indicating that it is rapidly returning to its former strong position.

Profits for the last six months of 1921 were \$200,000 after setting aside over \$75,000 for depreciation. Sales of cereals and feeds in which the company specializes, have been large during the last few months, according to officials of the company. The new financing is being undertaken to improve the concern's cash position. A public offering of the bonds will be made this week, according to the managers of the syndicate that has bought the Albers issue.

vania to cut price or coal and wages.
Income of railroads in the United States in 1921 totalled \$635,738,935, representing a return of 3.31 per cent on tentative valuation. Average price twenty industrials, 85.33, up .15; twenty rails 79.16, up .43,

DAILY TALK ON TRADE, FINANCE.

(Continued from Twelfth Page.)

petroleum production was estab-lished in 1921.

The farmer, the lumberman and the stockgrower have passed through the worst period and have readjusted their operating costs, and the outlook for 1922 is very encouraging.

and the outlook for 1922 is very encouraging.

Retail trade showed favorable signs of improvement at the end of 1921, and this improvement is reflected in the business of the wholesaler and manufacturer. Money is easier and interest rates are lower.

The normal of prewar years can return only when international exchange is on a parity, when the farmer's dollar has an equivalent purchasing value, when improved transportation facilities, with fair rates, make their appearance, and when taxation has been placed on a reasonable basis.

NEW YORK CURB BONDS

INCOME TAX FACTS

TELLURIDE!

What are the essential points of safety to the successful mining stock investor?

First—the PROPERTY, its LOCATION, its FOR-MATION and possibilities as a PROFIT-MAKER if properly developed.

Second—and of utmost importance, the MAN-AGEMENT—the men behind the mine. Are they men of integrity, experienced miners, men who know the real value of the ground that they are developing?

Telluride embodies every one of these essential elements required by shrewd investors.

TELLURIDE'S extensive holdings are located directly in the trend of the old and new proven vein systems in Oatman. Its present ores are being mined and will be milled at the Tom Reed Mill. Exploration work with diamond drills is soon to begin, and under the management and personal direction of "Jack" L. McIver TELLURIDE IS A GOOD BUY AT PRESENT MARKET.

Send or call at once for late map.

F. ALBERT MORRISON

motoring from Delhi to Puttiala, in the Punjab region of India, tends to minimize the importance of the incident.

The India Office explained today that motor cars were sent from Delhi in charge of the aides decamp on advance duty, and that one of the cars was hit by a small object which made a dent in the door. The official report said it was thought that the missile was probably a stone either thrown or kicked up by the car wheels and that it certainly was not a builet. In view of the possibility of mischief, however, the incident was reported to the police. The Frince of Wales traveled to Puttiala many hours after this incident occurred.

Memorial to Stephen Foster.

The city of Pittsburg has received the bronze tablet which it is to present to the people of Kentucky in honor of Stephen C. Foster, the song writer. The design was selected by the Historical Society of Western Pennsylvania. The tablet will be placed in the old home of Judge Rowan at Federal Hill, near Bardstown, Ky., where Foster wrote the words and music of "My Old Kentucky" Home" in 1858. The bronze bears a bas relief of Foster's bust, with the legend. "In Memory of Stephen C. Foster, born in Pittsburg, Pa., July 4, 1826, who, on a visit to Kentucky in 1858, wrote in this house the immortal song. "My Old Kentucky Home." Presented by the City of Pittsburg, Pa., 1922." — Philadel-phia Record.

SHIP SUBSIDY OUTLINED.

Proposed Measure Provides for Diversion of Customs Receipts to Aid Foreign Trade.

WASHINGTON, Feb. 27.—A ship subsidy of about \$32,000,000 annually for an American merchant marine, to be paid by the diversion of 10 per cent of the nation's customs receipts to that purpose, is provided in a bill to be introduced with the approval of the Shipping Board in both houses of Congress after a message urging a ship-subsidy plan has been delivered by President Harding.

The President, it was said at the White House today, will personally address a joint session of Congress tomorrow, and, it was understood, will indorse the plan proposed by the Shipping Board.

Details of the bill, which will be introduced by Chairman Jones of the Commerce Committee in the Senate and Chairman Green of the House Merchants Marine Committee, were made known unofficially tonight.

ENCOURAGE FOREIGN TRADE.

The \$22,000,000 subsidy, based

mittee, were made known unofficially tonight.

ENCOURAGE FOREIGN TRADE

The \$22,000,000 subsidy, based on 10 per cent of the customs receipts, it was explained, is to encourage foreign trade in American bottoms as was first attempted in recent tariff bills by means of a reluate to vessels flying the American bottoms as was first attempted in recent tariff bills by means of a reluate to vessels flying the American was found impossible because of existing trade treaties with other rations and the provisions were not retained.

The subsidy, it is understood, will under the bill range upward from a basic rate of one-half cant per gross ship ton per 100 miles, regardless of speed, for American vessels of 1500 gross tons registered or more. Additional allow-ances will be provided for speed ranging from 13 to 23 mattions and the provided for speed ranging from 12 to 23 mattions and the provided for speed ranging from 12 to 23 mattions and the provided for speed ranging from 12 to 23 mattions and the provided for speed ranging from 12 to 23 mattions and the combot of the cost of the vessels to be built of the winders of the winders in the winders in the winders in the cowboy.

Weather men disagree with the authorized to provide a ship lean fund not exceeding \$125,000,000 for lons for fing that there is no defense a ship tons for a few years it is a matter than two-thirds of the cost of the vessels to be built on the provisions were not required.

The subsidy, it is understood, will under the bill range upward from a basic rate of one-half cant per gross ship ton per 100 miles, regardless of speed, for American vessels of 1500 gross tons registered or more. Additional allow-tons of the cost of the vessel's value when required to be transported in American bottoms were not retained.

PAY FOR SEAMEN,

A retainer is to be provided for officers and men of the merchant Marine to attract them to an organized naval reserve equal to one month's pay out of every year's pay on enlistment of such reserve.

The coastwise shipping l

VERDICT IN ALASKA MERCHANDISE CASE.

SUPREME COURT DECIDE CANADIAN SHIPMENTS UNIAWFUL.

between Alaskan ports and Con-tinental United States by Canadian railways and water lines, the

The Territory of Alaska contended the law was unconstitutional because it discriminated in favor of the States and against the Territory in that it permitted merchandise to be shipped to and from the States via Canadian ships and railroads without imposing a penalty, whereas merchandise shipped from Michigan to the Juneau Hardware Company via the Canadian Pacific Railroad to Vancouver and by Canadian vessel from there to Alaska was ordered confiscated.

Justice McReynolds, delivering the opinion of the court, announced the judgment of the court below was affirmed.
